### **EXAMINER'S AMENDMENT**

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Please cancelled claim 25 as the content of this claim has been incorporated into independent claim 24 in applicants' reply "Amendment/Req. Reconsideration-After Non-Final Reject" dated 09/24/2009.

#### ***Allowed Claims***

Claims 1, 2, 5-24, and 26-34 are allowed. Renumbered 1-31.

#### ***Cancelled Claim***

Claims 3, 4, and 25 has been cancelled.

#### ***Amended Claim***

No claim as been amended per this Examiner's amendment.

### **Reasons for Allowance**

2. The following is an examiner's statement of reasons for allowance: the closest prior art of record (Brian Stucker, U.S. patent No. 7,010,727) does not teach nor suggest in detail "A method of transferring computer software code between a first and a second node in a communications network, each of said nodes comprising a SIP client, said method comprising the steps of: (i) storing computer software code in a SIP

message; (ii) sending the SIP message and computer software code from the first SIP client associated with the first node to the second SIP client associated with the second node; and (iii) executing the computer software code using the second node."

in combination with all the elements of each independent claim as argued by Applicant in the reply dated (Appeal Brief ) 04/23/2008) as well as the enabling portions of Applicant's specification. So as indicated by the above statements, Applicant's arguments have been considered persuasive, in light of the claim limitations as well as the enabling portions of the specification.

3. The dependent claims further limit the independent claims and are considered allowable on the same basis as the independent claims as well as for the further limitations set forth.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
